This report has been prepared using a template circulated by the Equality Commission.

It presents our progress in fulfilling our statutory equality and good relations duties, and implementing Equality Scheme commitments and Disability Action Plans.

This report reflects progress made between April 2014 and March 2015

PART A – Section 75 of the Northern Ireland Act 1998 and Equality Scheme

Section 1: Equality and good relations outcomes, impacts and good practice

In 2014-15, please provide **examples** of key policy/service delivery developments made by the public authority in this reporting period to better promote equality of opportunity and good relations; and the outcomes and improvements achieved.

Please relate these to the implementation of your statutory equality and good relations duties and Equality Scheme where appropriate.

CJI does not provide services or goods directly to the public in the way that other front line public authorities do. However, we regard our customers as being the users of the criminal justice system, the organisations we inspect, the general public in Northern Ireland, and our sponsoring body, the Department of Justice (DOJ), the Minister of Justice and the Justice Committee.

Policy developments are those made by CJI which relate to our activities, and those developments made as a result of inspection activity, inspection findings and recommendations made by CJI for other organisations to implement.

Internal CJI activities

Within the reporting period CJI continued consulting on its proposed inspection programme by methodology which had been completely revised following consultation in 2010-11. During this period, CJI continued the revised approach of contacting our consultees directly with the proposed inspection programme and inviting them to attend a series of meetings to supply their feedback. Information from these meetings and any feedback received in other formats was collated and used to further define our inspection programme. The approach included direct engagement with elected representatives to enable them to raise issues concerning any of the s75 categories. This programme was subsequently agreed by the Minister of Justice. The outcome is that we are better assured that the inspection programme has had input from a wider selection of groups and individuals representing the section 75 categories.

During the period CJI no new or revised policies were developed.

Inspection work

In the reporting period CJI published reports of the following inspections and follow-up reviews which sought to better promote equality of opportunity and good relations.

Full inspections:

The effectiveness of youth conferencing

Magilligan Prison

Police Use of Discretion Incorporating Penalty Notices

Fifth Annual Report of the UK National Preventive Mechanism

Police and Community Safety Partnerships

Child Sexual Exploitation in Northern Ireland

Serious and Organised Crime

The Safety of Prisoners held by the Northern Ireland Prison Service

The State Pathologist's Department for Northern Ireland

Community Restorative Justice Ireland

An inspection of Crown Court files for the Lord Chief Justice and the Justice Delivery Group;

Follow-up reviews:

The Care and treatment of Victims and Witnesses (including special measures)

The Office of the Police Ombudsman for Northern Ireland

Prisoner Escort and Court Custody Arrangements in Northern Ireland

The Handling of Complaints by the Criminal Justice System

CJI continued to promote equality of opportunity and good relations through our OPCAT obligations to monitor places of detention.

Please provide **examples** of outcomes and/or the impact of **equality action plans/** measures in 2014-15 (or append the plan with progress/examples identified).

Outcomes as a result of our inspection work and discharge of our OPCAT responsibilities are:

- the programme of improvements across the prison service overseen by CJI continues and is due to complete in 2015;
- action plans regarding the care and treatment of victims and witnesses are being implemented across the justice sector to improve service delivery;
- oversight by CJI of the youth justice review recommendations is continuing;
- the PSNI is relaunching its discretionary disposal scheme incorporating better governance arrangements to ensure and promote equality
- the DHSSPS is to direct the Public Health Agency to undertake a public health campaign on child sexual exploitation related issues.
- a continued and reinforced commitment to improving the response of the criminal justice system to reports of child abuse/ child sexual exploitation.
- Health and education personnel are to be recognised as significant partners in tackling child sexual exploitation, and the role of schools is to be acknowledged and resourced
- there is to be better support services for victims of child sexual exploitation.
- the joint DoJ/DHSSPS Working Group to strengthen cross-departmental working to improve mental health inequalities is continuing its work; and
- positive response to relevant recommendations and inspection findings by the NICTS, PSNI and other justice organisations.
